BE ALIVE

In the city of Smiles

With beautiful scenery and magnificent architecture, combined with a vibrant big-city atmosphere, it is no wonder that Denmark's second largest city Aarhus was awarded the title of "European Capital of Culture" in 2017. Whether you are visiting for business, studies or pleasure, Aarhus is sure to bring a smile to your face.

Strategically positioned in the Northern part of the city, UNITY Aarhus is only a few minutes away from the lively city center, serene nature, the reputed University and a world-class University Hospital. By the historic old water tower on the ground of the former La Tour Hotel, the UNITY building will majestically rise 94 meters up in the air as the tallest situated building construction in Denmark with 170 meters above sea level. The iconic 28 story building will provide 652 fully furnished studio apartments and excellent amenities.

UNITY Aarhus is the latest of seven exciting UNITY locations in Sweden, Finland and Denmark.

TESTIMONIALS

- *Feel the UNITY Vibe*

Alfred Lauritzen, Blonde Inc.

"Moving to a new country is moving out of your comfort zone. Being out of the comfort zone is what feeds and drives me. With that being said its also exhausting and insecure. That's why It's important to have a base you can call home and feel comfortable in."

Cecilie Grønbeck

"UNITY is the perfect solution for my needs - I have everything I need under one roof. I really appreciate the amazing work spaces and workout facilities at UNITY. I frequently use the gym in the morning before going to work - starting the day off in a good way, and there is no excuses when the gym is located only two floors down from my apartment and with an amazing view and facilities."

Elise

"I would recommend UNITY because it is more than just an apartment hotel; it is a comforting, convivial, and human experience. It gives me the opportunity to meet new people from all around the world. Moreover, the staff makes it feel like home."
